

1. Billing

This sections provide you with a possibility to refill your account online through PayPal or Skrill accounts and to view the history of your previous payments.

1.1 Adding a Credit

From this screen you can refill your account online.

- Choose the preferred payment method at the top of this screen.
- Select the amount you want to Refill.
- Press the corresponding button to proceed with online payment.

Note: For security reasons, during first time authentication email validation will be required. System will send an email with a confirmation link. Press on the link to process with the refill. Please contact billing@voicebuy.com if you do not receive the confirmation email within an hour. Please also make sure the email did not end up in the Junk folder.

1.2 Payment History

Here, your payment history is collected and displayed. Following information is recorded for payment:

- **Description** – payment description
- **Comment** – payment purpose
- **Date/Time** – indicates the start date/time of the payment.
- **Amount (USD)** – indicates the refill amount in USD.

To find a specific record in the Payment History, you may filter the log records by the following criteria:

- **Last 24 hours**
- **Last Month**
- **Other** – with this option a specific period of time should be indicated.

You may navigate through the log pages by using first,

last, previous and next arrows: , as well as jump to a specific page by indicating the page number and pushing the arrow button:

On the top of the payment history, an option to send the history list to the email or download it in the CSV format is offered.
